BEERS ON TAP

KÖLSCH 4.6% ABV STANDARD 5.00 | TASTER 3.00
Our Kölsch is a crisp, light version of the best ales of Cologne. A well-balanced blend of select German malts, noble hops and top fermenting yeast give this beer a light-golden color. Its slightly fruity character is sometimes compared to the Riesling wines of Germany.

ALTBIER 4.7% ABV STANDARD 7.00 | TASTER 3.00
Our medium-bodied, amber colored Altbier is inspired by the malty ales of Dusseldorf. While the rest of Europe moved towards light Pilseners in the nineteenth century, the brewers of Düsseldorf focused on the traditional techniques of darker malts to make an "old beer" ale.

HELLES LAGER 5.1% ABV STANDARD 7.00 | TASTER 3.00
Our Helles Lager is inspired by the malt forward beers of Munich. This well-balanced beer offers the subtle aroma of the Hallertau hops of Bavaria with a touch of sweetness from Munich's finest malt. Six weeks of cold conditioning gives this beer its bright, clean drinkability. The result is a refreshing golden lager for a sunny afternoon Bier Garten.

PILSENER 4.9% ABV STANDARD 7.00 | TASTER 3.00
Our northern German variation of this popular style showcases the noble hops of Germany and the Czech Republic. Germany's finest Pilsener malt gives a nice bready backbone to balance an abundant amount of hops. With less body than its Czech cousin, this refreshing beer really lets the hops come forward.

HEFEWEIZEN 5.3% ABV STANDARD 7.00 | TASTER 3.00
Our effervescent, hazy wheat beer is inspired by the finest examples in Munich. With notes of banana and clove this tangy and refreshing beer will quench any thirst.

HELLES RAUCHBIER LAGER 4.7% ABV STANDARD 7.00 | TASTER 3.00
Our smoked Lager is inspired by the malt forward beers of Bamberg. No single moment in Germany had more impact on our head brewer, Scott Frank, than drinking beer straight from the barrel at Aecht Schlenkerla in Bamberg. The malt is dried over Beechwood smoke, giving the beer its unique flavor. Balanced with the noble hops of Franconia, this beer is a unique pleasure.

PIWO GRODZISKIE 3.2% ABV STANDARD 7.00 | TASTER 3.00
This mysterious Polish style was nearly extinct until interest spiked in the 21st century. Made entirely from wheat malt with a subtle hint of oak smoke, this effervescent beer was sometimes called Polish Champagne.

LITTLE JUICE COUPE IPA 5.7% ABV STANDARD 7.00 | TASTER 3.00
Hazy IPA hopped with Citra, Mosaic, and Azacca hops

SCHWARZBIER 4.7% ABV STANDARD 7.00 | TASTER 3.00
Our medium bodied "black beer" gets its name from its almost opaque darkness. While showcasing heavily roasted malts with a hint of chocolatey sweetness, it finishes dry on the palate. This lager is surprisingly refreshing given its extremely dark color.
